

AGN. NO. _____

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

AUGUST 16, 2005

Potentially dangerous and vicious dogs have become a serious and widespread threat to the safety and welfare of our citizens. Irresponsible dog owners must be held accountable for their actions. Repeat offenders need to be dealt with swiftly and firmly.

Laws and ordinances should be reviewed periodically to ensure they are effective and providing the sanctions necessary to protect the public.

I, THEREFORE, MOVE that the Board of Supervisors of Los Angeles County direct the Department of Animal Care and Control and County Counsel to review County ordinance # 2001-0042 pertaining to the suppression of dangerous dogs and direct the Director of Animal Care and Control to report back to the board in 30 days at the meeting of September 13, 2005.
